

# Package ‘PREPShiny’

October 12, 2022

**Type** Package

**Title** Interactive Document for Preprocessing the Dataset

**Version** 0.1.0

**Author** Kartikeya Bolar

**Maintainer** Kartikeya Bolar <kartikeya.bolar@tapmi.edu.in>

**Description** An interactive document for preprocessing the dataset using 'rmarkdown' and 'shiny' packages. Runtime examples are provided in the package function as well as at <<https://analyticmodels.shinyapps.io/PREPShiny/>>.

**License** GPL-2

**Encoding** UTF-8

**LazyData** TRUE

**Depends** R (>= 3.0.3)

**Imports** shiny,rmarkdown,psycho,dplyr,datasets

**RoxygenNote** 6.1.0

**NeedsCompilation** no

**Repository** CRAN

**Date/Publication** 2019-04-25 12:30:03 UTC

PREPShiny

*Launch 'PREPShiny' Interface*

---

**Description**

PREPShiny() loads interactive user interface built using R 'shiny'.

**Usage**

```
PREPShiny()
```

**Details**

Start PREPShiny

The interactive user interface is to provide an easy way for preprocessing the dataset and downloading the preprocessed dataset.

**Value**

Nothing

**Examples**

```
if(interactive()){  
  library(rmarkdown)  
  PREPShiny()  
}
```
