--------------	----------

---

Hind.QuartetEffect *Hind.QuartetEffect*

---

### Description

It contains computed quartet effect for Hind array. Those were computed on some normal samples of the hapmap dataset.

---

Nsp.QuartetEffect *Nsp.QuartetEffect*

---

### Description

It contains computed quartet effect for Nsp array. Those were computed on some normal samples of the hapmap dataset.

---

Sty.QuartetEffect *Sty.QuartetEffect*

---

### Description

It contains computed quartet effect for Sty array. Those were computed on some normal samples of the hapmap dataset.

Xba.QuartetEffect    *Xba.QuartetEffect*

---

**Description**

It contains computed quartet effect for Xba array. Those were computed on some normal samples of the hapmap dataset.

---

quartet                      *Quartet Info example for the vignette*

---

**Description**

An example for the vignette

**Usage**

data(quartetInfo)

---

snpInfo                      *snp Info example for the vignette*

---

**Description**

An example for the vignette

**Usage**

data(snpInfo)
